Where Industry and Security Intersect

The U.S. Department of Commerce and The San Diego and Imperial District Export Council

COMPLYING WITH U.S. EXPORT CONTROLS

Please join us this **February 6th and 7th** for a unique **Complying with U.S. Export Controls Seminar**. U.S. Department of Commerce, Bureau of Industry and Security seminars give you the opportunity to learn first-hand from experienced U.S. Government officials about export control policies, regulations and procedures.

Instructors are experienced export administration and regulatory policy specialists, and enforcement personnel from the U.S. Dept. of Commerce Bureau of Industry and Security.

What You Will Learn at BIS Seminar 2018:

- The agenda is available on our registration website. You will get an overview of the U.S. export control laws and U.S. trade sanctions worldwide, including major changes.
- The program focuses on: The U.S. Government Export Administration Regulations: types of controls, classifying your product, license requirements, export clearance, enforcement, developing an export management compliance program, and support documentation.

This training is needed by professionals in any industry that exports, including:

- Aerospace
- Marine Technology
- Technology
- Information and Communication Technology
- Advanced Manufacturing
- Safety & Security
- Healthcare
- Defense
